## VENUS

*a Sister Entrepreneur from Batangas, Philippines*

Venus Rivera is a hardworking single mother living in Batangas, Philippines. For many years, she struggled to provide for her son's daily needs because she didn't have a source of income. She wanted to start her own convenience store, but she lacked the capital and financial expertise to start a new business. Venus was worried about her family's future, and knew she needed to find help if she was going to become financially stable.

Venus found the solution to her troubles when she heard about Opportunity International and the loan and financial training she could utilize to start her first business. Because a cabi Stylist is building her business, Venus was able to open up her shop and purchase a variety of products in bulk so her store would attract many customers. The financial training offered was also valuable to Venus as a new business owner. She's excited to see how successful her business has become since it opened and no longer struggles to afford her and her son's daily necessities. Venus would like to purchase an even wider variety of groceries and products so she can meet the growing needs of her customers.

This partnership with Venus has paved the way for her to live out her dreams and plan a prosperous future for her business and family.

*Because a cabi Stylist began her business, Venus was able to begin hers.*

We are so grateful to Opportunity International for enabling us to support remarkable women like her around the world. Through the way they have established financial services across the globe, we are able to fulfill our goal of empowering women, helping them work their way out of poverty, strengthen their families, and improve their communities.

From the entire cabi family, thank you for playing a meaningful role in our W.E. are cabi movement!
